## MODUL 4

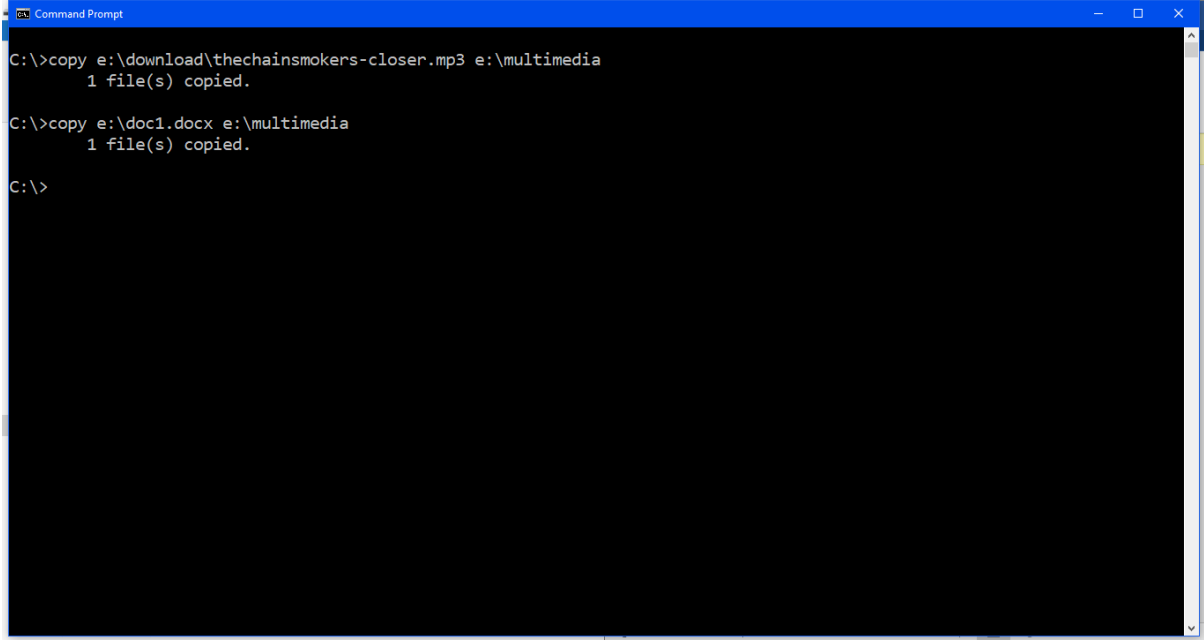

- Membuat sebuah folder bernama multimedia di drive E, seperti gambar dibawah ini.

- Menyalin file musik (thechainsmokers-closer.mp3) yang berada di drive E pada folder "download" disalin ke folder "multimedia"

- Menyalin file musik (doc1.docx) yang berada di drive E disalin ke folder “multimedia”

```
Command Prompt

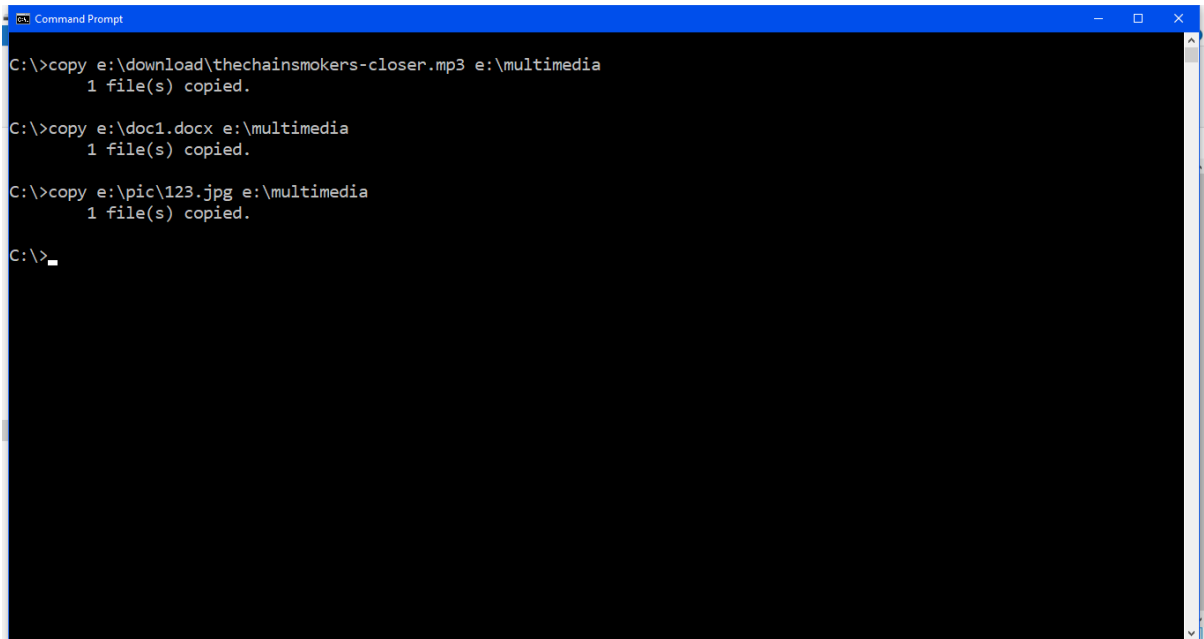

C:\>copy e:\download\thechainsmokers-closer.mp3 e:\multimedia
1 file(s) copied.

C:\>copy e:\doc1.docx e:\multimedia
1 file(s) copied.

C:\>
```

The screenshot shows a Windows Command Prompt window with a blue title bar. The command history shows two successful copy operations: first, a music file from the 'download' folder on drive E to the 'multimedia' folder, and second, a document file 'doc1.docx' from drive E to the 'multimedia' folder. The Windows taskbar at the bottom shows the search bar and various application icons.

- Menyalin file musik (123.jpg) yang berada di drive E pada folder “pic” disalin ke folder “multimedia”

```
Command Prompt

C:\>copy e:\download\thechainsmokers-closer.mp3 e:\multimedia
1 file(s) copied.

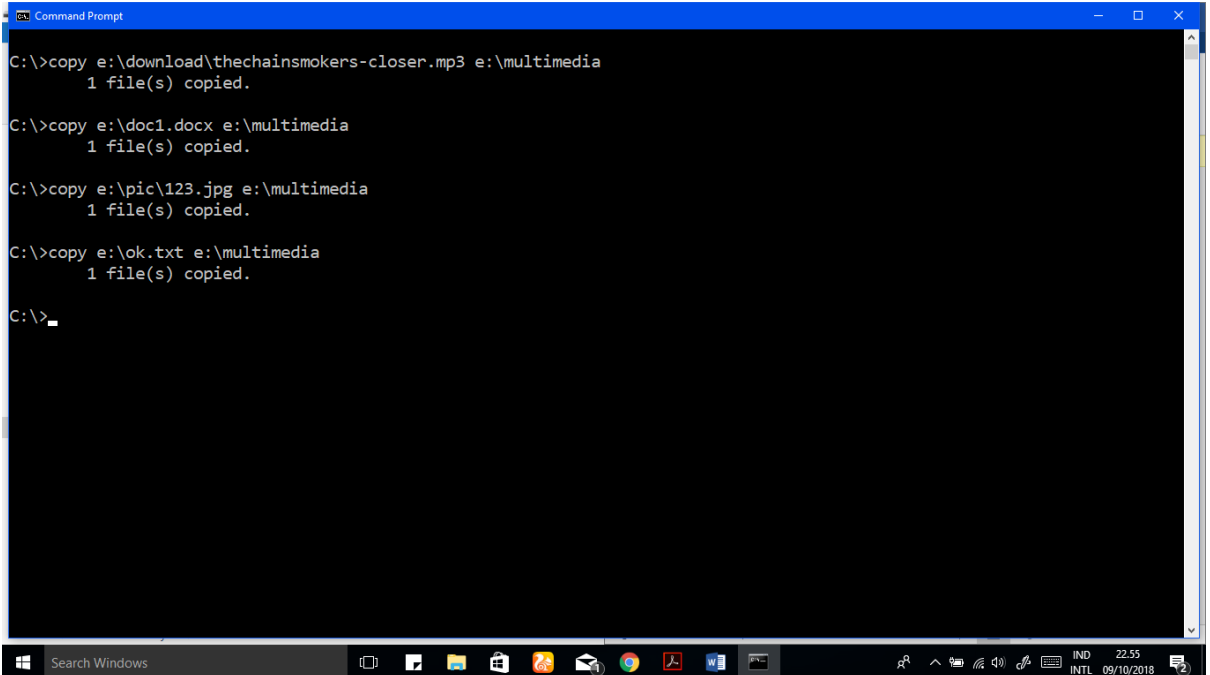

C:\>copy e:\doc1.docx e:\multimedia
1 file(s) copied.

C:\>copy e:\pic\123.jpg e:\multimedia
1 file(s) copied.

C:\>
```

This screenshot is similar to the previous one but includes a third command: copying '123.jpg' from the 'pic' folder on drive E to the 'multimedia' folder. The command prompt shows the successful completion of this third operation as well. The taskbar and window title are consistent with the previous image.

- Menyalin file musik (ok.txt) yang berada di drive E disalin ke folder “multimedia”

```

C:\>copy e:\download\thechainsmokers-closer.mp3 e:\multimedia
1 file(s) copied.

C:\>copy e:\doc1.docx e:\multimedia
1 file(s) copied.

C:\>copy e:\pic\123.jpg e:\multimedia
1 file(s) copied.

C:\>copy e:\ok.txt e:\multimedia
1 file(s) copied.

C:\>_

```

- Membuka folder multimedia untuk memastikan bahwa semua file yang disalin tadi benar-benar tersalin
